

CASE STUDY

Modernizing Identity Infrastructure to Support Institutional Growth

COMPANY SNAPSHOT

Industry: Higher Education

A major public university in the San Antonio area, recognized as the largest institution in the region, sought support to modernize its aging Active Directory (AD) environment.

THE CHALLENGE

The university had been operating within an outdated Active Directory structure, leading to concerns around performance, security, and long-term scalability. Without modernization, they risked inefficiencies and exposure to cybersecurity threats. Additionally, legacy configurations made administration cumbersome and created barriers to future technology initiatives.

THE WEAVER GOV ADVANTAGE

Weaver Government Solutions conducted a comprehensive Active Directory audit. The goal was to deliver both immediate remediation recommendations and a long-term design plan. Our Microsoft-certified team assessed the existing AD environment and provided detailed insights to guide future decisions.

PROJECT CAPABILITIES SHOWCASE

- Microsoft Active Directory Audit
- Strategic Roadmap Design
- Higher Education Infrastructure Consulting
- Security & Identity Modernization

We were brought in to provide clarity in a complex environment. Our audit empowers the client with the insight and direction needed to modernize with confidence.

Kevin Prifogle
Senior Account Executive
Weaver Technologies

WHY WEAVER GOV?

Weaver Government Solutions is a trusted services partner for this university, chosen for our deep Microsoft expertise, collaborative consulting approach, and ability to address legacy infrastructure issues without disruption to operations.

THE RIGHT IT SOLUTION

WeaverGOV conducted a full Active Directory audit and comprehensive analysis to identify risks and outdated configurations. Based on the findings, we developed a detailed remediation plan and designed a modernized Active Directory environment built for security and future growth. The solution also included integration recommendations for Microsoft 365 and Azure AD, ensuring seamless alignment with cloud services and long-term operational efficiency.

THE RIGHT TIME: EXECUTION

The audit was completed by Weaver Services. The next phase, involving implementation of the newly designed AD architecture, is pending client action and approval.

OUTCOMES

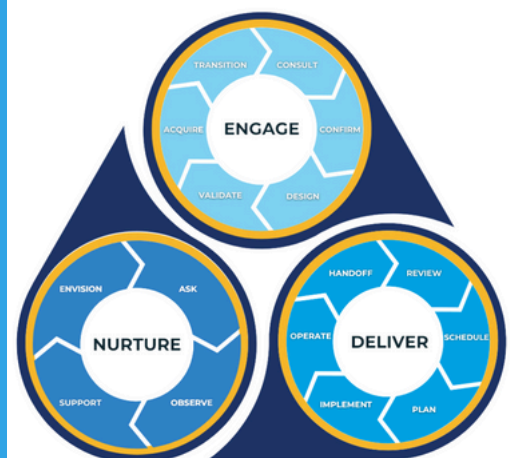

The audit equipped the agency with a clear path to modernization and long-term success. The updated Active Directory design eliminates legacy vulnerabilities, streamlines group policies and permissions, and establishes an architecture that can scale with institutional growth. It also ensures readiness for integration with Microsoft cloud services and enhances reliability—reducing the risk of outages and strengthening overall security.

Strengthening Government Through Secure Modernization

At WeaverGOV, we believe secure, modern IT infrastructure is essential to effective government services. Our philosophy is to help agencies modernize critical systems while maintaining compliance, security, and cost efficiency.

By combining technical expertise with lifecycle management practices, we deliver mission-focused solutions that strengthen resilience, improve efficiency, and create lasting value for the communities agencies serve.

THE RIGHT REASON

At Weaver Government Solutions, we believe transformational IT begins with understanding—not assumptions. In this case, the university didn't just need a technical fix; they needed a strategic partner to help them envision what a modern identity environment could look like.

By conducting a thorough audit and delivering a clear plan forward, we empowered their team to confidently take the next step in modernization. Our role wasn't to sell software—it was to deliver clarity, guidance, and long-term value.

WHERE CAN THE RIGHT IT SOLUTION TAKE YOUR ORGANIZATION?

Unfold the possibilities with Weaver GOV. As a comprehensive IT solutions provider, we partner with diverse industries, turning challenges into success stories.

The Right IT Solution

We focus on creating the Right Solution for our customers. You will never find us pushing unneeded products.

The Right Time

We believe the Right Time will reveal itself if we take a patient and deliberate approach. We don't believe in pushy tactics.

The Right Reason

We believe integrity is real, that it is valuable and it's all about doing things for the Right Reason – the only way we know how.

KEY BENEFITS

- **ELIMINATED LEGACY VULNERABILITIES FOR STRONGER SECURITY**
- **STREAMLINED GROUP POLICIES AND PERMISSIONS FOR EFFICIENCY**
- **FUTURE-READY ARCHITECTURE SUPPORTING GROWTH AND SCALABILITY**
- **CLOUD INTEGRATION READINESS WITH MICROSOFT 365 AND AZURE AD**
- **IMPROVED RELIABILITY TO REDUCE OUTAGES AND DISRUPTIONS**
